

# JANGRO Product Guide

## Drain Solution BC071-5

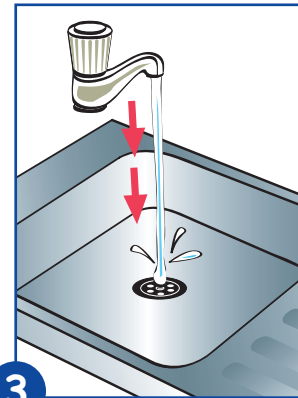

1

Use appropriate PPE as indicated in COSHH/REACH data.

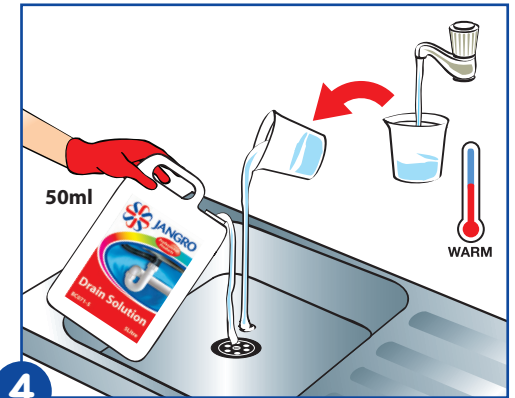

2

Place safety signs.

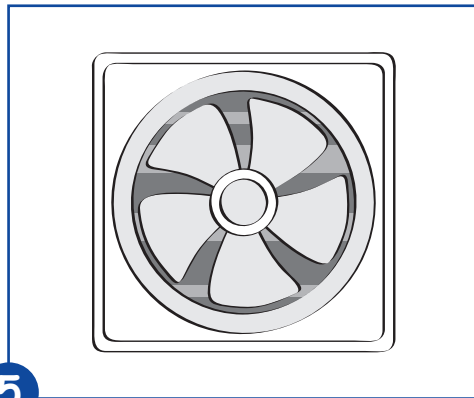

3

Flush drain before use.

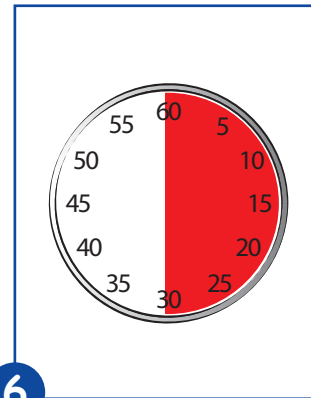

4

Pour 50ml directly into sink/drain opening. Add 1 cupful of warm water to activate unblocker.

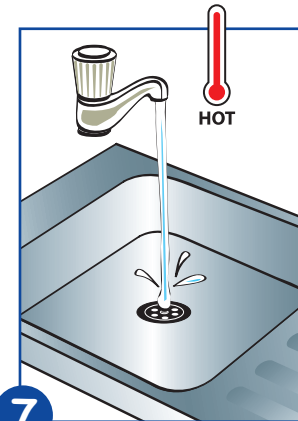

5

Ensure the area is well ventilated.

6

Leave for 30 minutes (overnight if possible).

7

Flush with hot water. Repeat if necessary.

8

Remove safety signs.
